LOVE WHAT WE DO AT
www.mintdesign.studio

mint uk south coast
design studio

I've started a new enterprise and want my business to look professional, be noticed and be taken seriously, right from the start.

We love working with new business owners. Logo, website, brochure, whatever you need to confidently kick-start your new venture in style. We provide a complete design package with all the advice and support you might need too.

FRESH

A smiling man with glasses and a yellow jacket is holding a large blue speech bubble. The background is a lush green forest.

EVOLVING

I've been trading for three years.
My business is growing and
doing well. It's time for an upgrade.
I need to improve my business
image and website.

Successful firms recognise the
importance of keeping their brand and
marketing up to date and working hard to
impress and inform customers. We like
to be of service at this important time of
business development.

I need creative, attractive promotional materials that will have impact and a design-edge. I don't want boring or template!

We love working with organisations who need a design-led, bespoke, graphic art service. Boutique B&B, art gallery, restaurant, community project - if your product, service or event is unique, we can help. We can design and coordinate all the assets you might need such as an invite, programme, flyer, t-shirt and banner.

UNIQUE

A man with short brown hair and black-rimmed glasses is looking directly at the camera. He is holding a large, light pink rectangular sign in front of his chest. The sign has the word "SAVVY" written on it in a bold, purple, sans-serif font. To the right of the man's head, there is a white speech bubble with a dashed border containing purple text. Below the speech bubble is a dark grey rounded rectangle containing white text. The background is a lush green jungle scene with large, tropical leaves.

I'm an established business and I need an all-in-one service to keep my website up-to-date, organise my social media and design promotional materials. Ideally a combined designer, media strategist and PA!

The Mint Mojo retainer service is for the media savvy - busy commercial offices who need their website, social media and promotional materials coordinated. With a typical service level of three hours a week, we step in with a totally bespoke service to suit your exact requirements. We've proved it's an extremely effective and economical way to work.

SAVVY

Mint Design Studio celebrate their 30th year trading in 2024! Thirty years building an amazing graphic design portfolio, working with terrific customers and our enthusiasm, experience and dedication to our craft just keeps growing.

Whatever type of customer you are, we can't wait to meet you and find out how we can be of service. Call **01903 695400** for a chat or email the **team@mintdesign.studio** to arrange an appointment.
